EDUCATION

ArtCenter College of Design | Pasadena, CA
Bachelor of Science in Product Design

Summer 2018

EXPERIENCE

Neumayr Design | Industrial Design Contractor | Los Feliz, CA
Design and development of showers and construction products that are aesthetically & experientially pleasing, easy to assemble, and cost effective.

- Shower products designed for a major german luxury brand launching 2024 Q1 to Q4.
- Involved in many aspects during development: sketching, visualization, iterative prototyping, and validation testing. Worked through water flow distribution and ergonomics to achieve final compact package.
- Worked with overseas engineers throughout prototyping to semi-final prototype for water dynamics and mechanical engineering.

Sep 2023 - Present
Dec 2022 - Feb 2023
Aug 2021 - July 2022

Museum of the Future | Industrial Design Freelancer | Pasadena, CA
Developed and visualized preliminary concepts for 15 future objects through research, future visioning, and sketching. Consulted through Dan Goods and David Delgado.

Oct 2019 - May 2021

Whipsaw | Industrial Design Intern | San Jose, CA
Assisted team across multiple brands, designing consumer hardware, conducting user testing research, prototyping, CAD modeling, and ideation sketching.

Feb - May 2018

Skyrocket | Industrial Design Intern | Culver City, CA
Proposed and developed new ideas through research and visualized concepts across multiple Skyrocket Toy brands.

May - Aug 2017

SKILLS

Industrial Design

Visual communication
Prototyping
Concept development
Model building
Story boarding
User research
Trend research

Software

Adobe Creative Suite
Solidworks
Keyshot
Rhinoceros
Microsoft office suite

Core Strengths

Visualization
Sketching
Concept generation
Prototyping
Team player
Open minded
Storytelling

RECOGNITIONS & AWARDS

ArtCenter Student Gallery
The Radically Practical Match Set
Prada Bella Wine Decanter

Spring 2017
Fall 2013

Scholarship

Scholarship (Merit Based) ArtCenter College of Design
Scholarship upon entering ArtCenter College of Design

Fall 2017
Spring 2013

INTERESTS

Film, Art, Sci-fi, Architecture, 3D printing, psychology, exploring how design can bring people together.
